and the Loss Will Be
Heavy.

Boston, April 21.—A fire at Beachmont to-day destroyed two summer cottages and two barns. John Phillips, an aged clam-digger who is known to have been stopping in one of the cottages, is thought perhaps to have been burned to death. A horse in one of the barns was incinerated. The flames broke out at an early hour this morning. The loss was heavy. Section men acted as firemen until the fire was under control. The firemen were impeded in their work by quarrelling at the hydrant.

The mother and her 15-year-old daughter Sarah were working together in the kitchen when the accident occurred. An elder sister, Louise, trapped Sarah up in a rug. The girl was badly burned, but will recover. The father heard of the accident and hurried home so fast that he was prostrated when he arrived.

UNBEATEN TOMMY O'TOOLE.

He Won From Al Delmont in Twelve
Rounds.

Boston, April 21.—Tommy O'Toole, of Philadelphia, the undefeated bantam-weight fighter, won from Al Delmont of Boston, in twelve rounds of fast work at the Armory Athletic association last night. Delmont proved dangerous only in the seventh round, when, catching O'Toole turning round, he landed a right swing to the jaw, which sent O'Toole to the floor. The Boston boy tried repeatedly throughout the rest of the bout to land a knockout but outside of the tenth, which was fairly even, had no chance.

Max Baker of Boston and George Alger of Cambridge were given a draw in the preliminary, though the crowd favored the fine work of the Cambridge boy. William Shevin, of the battleship New Jersey, won from Bert Delaney of Northboro, in a close contest of six rounds.

Six rounds of heavyweights brought out some good work on the part of Walter Altiri, of the battleship Missouri, who defeated Andrew Morris of East Boston. Morris was sent to the floor seven times by the terrific swings of the sailor, but finished the stronger.

Athletic Club.

There were 1,200 men in the arena and a panic of fear seized many of them when the police appeared. There was a general rush for the windows and a number of persons were injured while so endeavoring to escape.

The raid is in line with the recently adopted policy of the police brought about by the reports of Governor Hughes and others against a resumption of the fighting game in New York, to prevent boxing bouts in other than genuine athletic clubs.

SETTLEMENT REPORTED.

Whereby Sultan Retains His Throne
But With No Power.

London, April 21.—The war office has confidential information which declares the sultan has agreed with the Young Turks to retain the throne, deprived of all power. A committee of Young Turks will be the real rulers, controlling affairs to prevent a reactionary movement similar to the present. Two factors decided the Young Turks not to force the sultan to abdicate, first their inability to prove that the sultan fomented a revolt; second their veneration which prohibits the deposition of a sultan.

The wreck caused the blocking of the line so that the forenoon train from the north had to go around by Rouses Point, while the afternoon train from the same direction took the same trip.

The derailed train was in charge of C. W. Wooster as conductor and C. Davis was the engineer.

JORDAN HAGGARD

Strain of His Trial on the Charge
of Murdering His
Wife.

Boston, April 21.—The trial of Chester Jordan, charged with the murder of his wife, began in earnest to-day, when the jurors and counsel inspected the gruesome scenes alleged to be in connection with the woman's murder. Jordan lost his careless aspect when he appeared to-day. He looked haggard and showed nervousness. The party first inspected the Jordan house, where the alleged murder was committed, carefully looking at the stationary table where it is charged that Jordan buried the body, the furnace, etc. They next went over the route to the South station, where it is alleged that the body went in a trunk. Before the start, the court cautioned the jurors to communicate with no one regarding the case.

The jurors selected yesterday were as follows:

ALLEGES GREAT CRUELTY.

Mrs. J. H. Parmerton Sues for Divorce.
Writ for \$25,000.

Manchester, N. H., April 21.—A writ in the sum of \$25,000, returnable at the May term of the superior court, Lanette Foster Parmerton vs. John Henry Parmerton, was filed at the office of the city clerk Tuesday morning. The writ is an attachment to secure performance of any decree or order that may be made in a divorce for divorce.

The complaints of Mrs. Parmerton against her husband date back several years and in each instance are to the effect that he has treated her in a manner almost beyond human endurance. Several dates are named in the libel when, she alleges, he has without provocation beaten her and has used profane language in the presence of friends and has on several occasions struck her and refused medical attendance in cases of sickness.

Mrs. Parmerton also alleges that the nervous strain that she has undergone has completely wrecked her health.

Mr. and Mrs. Parmerton have lived in Manchester the greater part of the time since they were married in Boston on Nov. 9, 1893, and in the course of this time three children have been born to them and are still living.

They are John Henry, aged 14 years; Foster, aged 12 years; and Lewis B., aged six years.

In the writ, Mrs. Parmerton claims that Mr. Parmerton has a personal estate valued at \$25,000 and real estate of \$35,000 value.

WOMAN FALLS 50 FEET.

Miss Kate Horowitz Steps Through Glass
Covering to Air Shaft.

Boston, April 21.—Miss Kate Horowitz, aged 25, of 67 West 34 street, Chelsea, fell 50 feet from the roof of her house into the cellar yesterday afternoon. Her name is on the dangerous list at the U. S. marine hospital, Chelsea.

The house is a three-story structure and Miss Horowitz about 3 o'clock was hanging clothes on the roof. She made a misstep to the glass covering of the airshaft, which extends from the cellar to the roof. The glass broke and the woman fell to the cellar. Both of her legs are broken and she has sustained internal injuries.

TO FIND MOTIVE.

New Purpose in Inquiry Into Supposed
Turner Murder.

Fowell, April 21.—State's Attorney James Meagher, Sheriff Godfrey and Deputy Sheriff Nash of Bennington were here again yesterday in the case of the supposed murder of Oscar Turner, and after a morning spent in investigation they returned to Bennington, satisfied they said, that they will have a strong case as soon as the body of Turner is found.

The river was again dragged during the day but without results. The attorney stated that he would at once send experienced men, who would have the necessary equipment for the work, and that they would, in all probability, be able to recover the body if it is in the river.

The officers are now devoting their attention to showing a motive for the crime and they searched the house of Frank Moon particularly to find if there was any unusual sum of money hidden there. No money of any consequence was found, but a towel was brought to light that bore stains that the officers believe may be blood. Moon is a barber, however, and even if the spots are blood stains the fact will not have much weight.

The suspects in the Bennington jail have been questioned every day and yesterday morning they gave the officers sufficient information to enable them to go to the place where the tools which they were reported as having had Saturday night were hidden. These included three pickaxes, a shovel and a grab iron. The officers have been informed that Harris and his wife and the man Moon left the Harris house at 2 Sunday morning, following the row on the river road, and that they were gone two hours. They are working, it is believed, on the theory that when Turner was beaten he was left beside the road and later his assailants returned and disposed of his body and hid the pickaxe handle and other implements which they had with them.

TRIBUTE TO LATE JUDGE.

Nearly All Washington County Attorneys
Present at Carleton Memorial.

The time of Washington county court at Montpelier yesterday afternoon was taken up with a memorial service for the late Hiram Carleton, judge of probate in Montpelier for the past 25 years. Congressman Frank E. Plafiey, president of the Washington County Bar association, presided, and nearly all the lawyers in the county were present.

An appreciative memorial sketch of Judge Carleton was given by W. A. Lord and appropriate resolutions, prepared by a committee of which E. W. Blaisdell was chairman, were adopted. Resolutions adopted by Judge Carleton were made by President Plafiey, George W. Wing, M. E. Smith, J. W. Gordon, Judge F. J. Martin, State's Attorney Benjamin Gates, H. C. Shurtless, Hollister Jackson, E. H. DeWitt, Gen. J. E. Louis, W. N. Theriault and Judge E. M. May.

In order the resolutions that had been adopted spread upon the records of the court, Judge Z. S. Stanton paid a splendid tribute to Judge Carleton and to the work he has done in Montpelier for the past quarter of a century.

RUTLAND GAMBLERS

rested After a Raid on Four Places

Vender Fined Today.

Rutland, April 21.—Judith H. Whitney and Henry G. Fish, who were arrested after the police and the sheriff de-manded a raid on four gambling joints here on February 20 pleaded guilty this morning of maintaining gambling saloons. They have not been sentenced yet.

MOTHER OF 19 ON TRIAL.

Overseer of Poor Tells How She Hit Him
With a Stick.

Rutland, April 21.—Mrs. Addie Crossman of Shrewsbury was placed on trial by jury in Rutland county court yesterday on the charge of assaulting F. G. Lord of Shrewsbury February 19 last. Her attorneys are T. W. Moloney and W. H. Botford and State's Attorney J. C. Jones is prosecuting. Mr. Lord testified that he went to the Crossman house in his official capacity as overseer of the poor to see Mr. Crossman and that Mrs. Crossman, who had previously asked him to keep away from the premises, came out on the piazza and struck him over the head with a stick.

The case is of a great deal of interest in this part of the state because of the connection with it of M. J. Haggood of Peru who went bail for Mrs. Crossman, a perfect stranger to him, because she was the mother of 19 children. Mr. Haggood is said to be hurrying back from Chicago to appear as a witness for the defense.

SCHEME NOT RIGHT.

To Change Montpelier's City Hall Plans
For an Opera House.

At a meeting of the Montpelier board of trade last night A. J. Sibley reported that the committee had conferred with the city hall committee relative to changing the city hall plans so that the new building would have an opera house. The conference committee found the plan impracticable because of the extra expense that would be necessitated to draw up the new plans, it being said that almost entirely new plans would be called for by the 19 children. Montpelier will have to look to another source for an opera house if the Blanchard estate closes its theatre.

MACADAM

FOR NORTH MAIN STREET

City Council Decides to Macadamise Long
Strip—C. H. Kendrick Gets Druggist
License—A Public Playground
Proposed.

Six solid hours of work were put in by the city council at its regular meeting last night, it being one o'clock this morning when adjournment was taken to this evening. To-night the council will meet the aldermen and the railroad on the proposed change of the river-bed on the westerly side of the city.

Among the principal things done last night were to vote a partial appropriation of \$600 to the Barre Citizens' Band; to rescind a previous order to the street railroad to extend its South Main street track to Quarry street, the city evidently having a different line of action; to order the macadamizing of North Main street from Granite street northerly to the Gunner brook bridge; to grant a fifth class liquor license to Clarence H. Kendrick and to discuss a public playground.

Macadamizing North Main Street.

The street committee's resolution to macadamize North Main street called out the first real debate of the present council, the advocates of granite pavement for Main street, led by Alderman Alexander, making a hard fight and losing only by a vote of four to three, the street committee's fight being led by Alderman Thurston. The debate was started when the motion was made to accept and adopt the report, Alderman Hoyt opening with the statement that he was surprised at the resolution, since he understood the property owners wanted granite pavement. He declared, however, that he was of open mind in the matter, and that if macadam could stand the wear of the stone teams he should vote for macadam. He was apparently convinced, as his vote subsequently in favor of macadam decided the battle.

Alderman Alexander contended that there was nothing to show that macadam would stand the wear except somebody's say-so and that inasmuch as we have a granite pavement which does stand it he thought we should continue the use of granite blocks. Objection was then raised to granite by Alderman Thurston on the grounds that it is noisy and that it costs a good deal to keep it clean.

Said Alderman Thurston: "It costs \$400 a year to keep our granite pavement clean, a washing being needed every other day. The amount expended in cleaning a granite pavement would enable us to repair a macadam road whenever necessary." The alderman insisted that the city's experience with a macadam road at Jockey Hollow was enough to prove that a macadam road on North Main street would stand the wear and, furthermore, that the initial cost would be four times less. In reply to Alderman Alexander's statement that the granite pavement has not needed repairs since it was laid, Alderman Thurston said that the pavement has got to be re-pitched and right away.

Alderman Campbell was the only other member to participate very much in the debate, and he favored macadam; but he thought the macadam should be laid over the strip from Granite street southerly to Depot square. Mayor Robins was inclined to favor a granite pavement from Depot square at least as far north as Maple avenue and he did not believe that strips should be left unfinished like that between Granite street and Depot square. The street committee was willing to include that strip in its recommendation for macadam, but no motion was made to that effect and the resolution as originally presented was adopted, the vote standing as follows: in favor of macadam, Thurston, Campbell, Hoyt and Ewen; opposed, Mayor Robins, Alexander and Rossi. It is probable that the work of macadamizing will be started soon.

Druggist's License for Kendrick.

When C. H. Kendrick's application for a druggist's license came up, there was no objection offered, and on motion of Alderman Campbell a license was granted the applicant under the same conditions as those of E. A. Drown's license.

A Partial Band Appropriation.

N. J. Roberts, president, and S. N. Parker, business manager, of the Barre Citizens' Band appeared before the council for an appropriation, stating that Barre will have one of the best bands in the state, but that it needs financial encouragement from the city. After calling attention to the fact that Rutland appropriates \$1,200 annually and Montpelier \$1,800, they stated that the Citizens' Band should have \$2,000 funds to carry it through the first season, when new uniforms will have to be bought, but that they would ask the council for \$1,500, trying to raise the other \$500 in some way.

Arthur S. Martin and Homer C. Ladd spoke in favor of a band appropriation and then the band representatives were subjected to a rapid fire of questions as to the status of the band, etc. All the members of the council favored giving something toward the organization for concerts, but Alderman Thurston said that \$1,500 was too much. After a time a resolution was adopted appropriating \$800 at present and appointing Alderman Campbell, Alexander and Ewen as a committee to confer with the band as to the status of the band.

MARRIED 50 YEARS
AND STILL YOUTHFULMr. and Mrs. Sylvester Cameron of
Orange Street Were The Honored
Barre Couple Today.

It was 50 years ago today when Miss Helen S. Warren, daughter of Mr. and Mrs. William Warren of Middlesex, and Sylvester Cameron of the same town were united in matrimony. They were married in the town of Oxbow at the home of Rev. C. M. Welch, pastor of the Methodist church. Today Mr. and Mrs. Cameron, now residents of Barre, are remembered by their many friends and relatives and many of them will meet them during the day to congratulate them on their long span of married life.

Although the snows of the more than 70 winters, which both have lived, have whitened their hair, both Mr. and Mrs. Cameron appear much more active than many people 50 years their junior. Two daughters were born to them and these, with their three grandchildren, are living. The daughters are Mrs. Merrill E. Williams of Craftsbury and Mrs. Alex. Coburn of Orange street, where Mr. and Mrs. Cameron reside.

After their marriage, Mr. and Mrs. Cameron lived in Middlesex until after the Civil War when they moved to Middlesex and later to Hardwick. From Hardwick they moved to Oxbow and later to Wolcott where they lived for nine years. They then came to Montpelier and remained there until they came to Barre 30 years ago, since which time they have resided here.

Mr. Cameron enlisted in 1863 in the 6th Vermont regiment and served until the end of the Civil War. Mr. Cameron has nearly always been engaged in outdoor work, and to this may perhaps be attributed his excellent health. He was for many years a teamster and for the past few years has run derricks at granite plants.

A bountiful dinner was served at the Cameron home this noon in honor of the event. Among the relatives who were present from out of town were Mr. and Mrs. Merrill E. Williams of Craftsbury, I. C. Cameron of Worcester, Mass., and Philo Warren of Wolcott.

The friends of Mr. and Mrs. Cameron are cordially invited to attend an informal reception which will be given from eight to 10 this evening at their home on Orange street.

MAIN STREET DEAL
OF REAL ESTATESarah Mower Estate Land and Building
Purchased by C. G. Mascott at a
Price Said to Be Around
\$8,000.

Another important Main street real estate deal has been consummated whereby the Sarah A. Mower estate property, Nos. 92 and 94 North Main street, just north of the Reynolds block, is sold to C. G. Mascott. The property is in one of the best locations on Main street and sold for as much per front foot as any property on the street. The price paid is withheld, but it is said to be around \$8,000. With the passing of the deeds, this property went into new hands for the first time in nearly 61 years.

On November 17, 1848, the property was purchased by David Mower from George S. Johnson. The price paid was \$275, and a foot on each side of the lot was afterwards bought by Mr. Mower at \$5 per front foot. To-day the property rents for nearly three times the amount paid for the property by Mr. Mower. The building on the lot is the same as has been there for more than 60 years, and is referred to as the old depot of the property. Mr. Mower was being the "old harness and trunk shop" opposite James Hale's tavern. The lot has a frontage of 34.77 feet on Main street and runs back to the river.

The building is now occupied by H. A. Holt's barber shop and Landers' cigar store and two tenements upstairs. Mr. Mascott has no plan at present as to what disposition he will make of the property, as the store and barber shop have rental leases for two years yet. The sale of the property was made through the office of the D. A. Perry Real Estate agency.

FOUND DEAD IN BED
IN MIDDLESEX TO-DAYCharles Siloway, Aged 61, Had Com-
plained Yesterday That His
Heart Was Troubling
Him.

Charles Siloway, a prominent resident of Middlesex, had complained yesterday that his heart was troubling him. He was found dead in his bed this morning, having died several hours previously. During the day yesterday he had been engaged in collecting singing utensils, and toward evening went home, telephoning later to his daughter-in-law, Mrs. Wayne Siloway, that he was not feeling well. He retired at his usual time. When he did not appear for breakfast this morning his family investigated and found him dead.

He leaves his wife and three sons, Gilbert, Wayne and George, all of Middlesex; a brother, Henry, of the same town, and a sister, Ella Siloway, of Bradford. He had been a resident of Middlesex for many years and had held many town offices. He was much respected in the community. He was 61 years old.

BOARD OF TRADE
IS FORMEDConstitution and By-laws Ad-
opted and Officers Elected

AN ENTHUSIASTIC MEETING

New Board at Once Takes Up Matter
of Making Sure Barre Post Office
Is to Be Constructed of Barre
Granite.

A board of trade for Barre was organized last evening, constitution and by-laws were adopted and officers elected, and not being satisfied with this, immediately entered upon the consideration of the first matter to come before it, the making sure that the federal building to be erected in Barre be of Barre granite. To this end a committee of five was appointed to act in conjunction with one previously appointed by the Granite Manufacturers' association to this end.

There were between 50 and 60 interested citizens in the manufacturers' rooms when called to order last evening by F. G. Howland, and in the absence of clerk James Mackay, C. H. White served in that capacity. The committee appointed at the previous meeting reported through W. G. Reynolds that it had expected articles of incorporation for this meeting, but they had failed to arrive. It was decided to organize as an association at this time and Mr. Reynolds proceeded to the constitution and by-laws prepared by the committee. These were discussed article by article, and with some minor amendments were adopted.

A committee of five, F. E. Langley, Homer Fitts, N. D. Phelps, James P. Higgins and S. H. Jackson, was named to bring in a list of officers. This committee reported as follows:

President, Homer C. Ladd.
Vice-president, William Barclay.
Treasurer, H. G. Woodruff.
Clerk and secretary, James Mackay.
Auditor, O. J. L. Matthews.

Directors (including president, vice-president, secretary and treasurer), A. J. Young, W. G. Reynolds, Thomas Nichols, H. J. M. Jones, J. B. Magnagli, B. W. Hooker, J. Ward Carver and F. E. Langley.

These officers were elected by the clerk of the meeting casting one ballot for all.

While the committee was out preparing a list of officers, a discussion was had about the material to go into the new Barre post office, and the necessity of its being Barre granite. On motion it was voted that a committee of five citizens be appointed by the board of directors to act
